

OXELÖSUND 710

Oxelösund 710 is a rugged, heat-resistant safety shoe specially developed for demanding work such as welding, grinding, and construction. The shoe is equipped with heat-resistant laces, seams, and components, making it suitable for environments exposed to high temperatures.

Work environment: Construction, Heavy industry

Toecap: Lightweight aluminium toe cap

Penetration protection: Soft metal-free nail protection in textile

Midsole: In soft PU material with extra heel cushioning for maximum shock absorption, exceptional rebound and a springy feel.

Outsole: Coarse, slip-resistant outsole in heat-resistant nitrile rubber that withstands up to 300 °C and provides good traction on all types of surfaces.

Upper material: Full-grain, heavily impregnated Super8 leather with toe protection.

Safety standard: S3, HRO, HI, SRC
