

50692

50692 is a comfortable, insulated safety boot designed for cold and wet working environments. The upper is made of full-grain leather that resists moisture, and the boot is equipped with a durable zip with a gusset - a patented solution that effectively prevents slush and snow from entering.

Work environment: Service, Construction, Light and Heavy industry, Winter

Toecap: Lightweight aluminium toe cap

Penetration protection: Soft metal-free nail protection in textile

Midsole: In soft PU material with extra heel cushioning for maximum shock absorption, exceptional rebound and a springy feel.

Outsole: Durable and slip-resistant outsole in heat-resistant nitrile rubber with added softness for extra traction in cold temperatures.

Upper material: Full-grain, heavily impregnated Super8 leather with toe protection. H2O Blocker – durable zipper with bellows in strong, waterproof nylon material.

Safety standard: S3, CI, HRO, SRC
