

OXELÖSUND 701

Oxelösund 701 is a closed safety shoe with a loafer-like design, specifically developed for heavy industrial environments involving hot work such as welding and grinding. The water-repellent upper is easy to clean and provides effective protection even in chemically exposed workplaces.

Work environment: Construction, Light industry, Heavy industry

Toecap: Lightweight aluminium toe cap

Penetration protection: Soft metal-free nail protection in textile

Midsole: In soft PU material with extra heel cushioning for maximum shock absorption, exceptional rebound and a springy feel.

Outsole: Coarse, slip-resistant outsole in heat-resistant nitrile rubber that withstands up to 300 °C and provides good traction on all types of surfaces.

Upper material: Full-grain, heavily impregnated Super8 leather that resists moisture for up to 8 hours. Reinforced toe, sewn with heat-resistant Nomex thread.

Safety standard: S3, HRO, HI, SRC
