

UMEÅ 969

Umeå 969 is a safety boot designed for cold and damp working environments during autumn and winter. It is lined with warming wool and features a durable side zipper with a snow guard that protects against moisture and cold.

Work environment: Construction, Heavy industry, Winter

Toecap: Lightweight aluminium toe cap

Penetration protection: Soft metal-free nail protection in textile

Midsole: In soft PU material with extra heel cushioning for maximum shock absorption, exceptional rebound and a springy feel.

Outsole: Coarse, slip-resistant outsole in heat-resistant nitrile rubber that withstands up to 300 °C and provides good traction on all types of surfaces.

Upper material: Full-grain, heavily impregnated Super8 leather that resists moisture for up to 8 hours. Details in durable Cordura® and reinforced toe. H2O Blocker – durable zipper with bellows in strong, waterproof nylon material.

Safety standard: S3, WR, CI, HRO, SRC
