

UMEÅ 979

Umeå 979 is a robust safety boot developed for harsh environments and extreme cold. The insulating wool lining keeps feet warm during cold workdays, while a thick midsole effectively shields against ground cold and maintains comfort and flexibility even in sub-zero temperatures.

Work environment: Construction, Heavy industry, Winter

Toecap: Lightweight aluminium toe cap

Penetration protection: Soft metal-free nail protection in textile

Midsole: In soft PU material with extra heel cushioning for maximum shock absorption, exceptional rebound and a springy feel.

Outsole: Durable and slip-resistant outsole in heat-resistant nitrile rubber with added softness for extra traction in cold temperatures.

Upper material: Full-grain, heavily impregnated Super8 leather that resists moisture for up to 8 hours. Reinforced toe, details in durable Cordura® and Boa® Fit System.

Safety standard: S3,WR,CI,HRO, SRC
