

OXELÖSUND 550

Oxelösund 550 is a safety boot designed for work in extreme environments involving high heat, moisture, or chemicals - specially developed for welding and metalworking. The boot features an aluminum toe cap and a metal-free penetration protection plate that guard against impact and sharp objects without compromising comfort.

Work environment: Construction, Heavy industry

Toecap: Lightweight aluminium toe cap

Penetration protection: Soft metal-free nail protection in textile

Midsole: In soft PU material with extra heel cushioning for maximum shock absorption, exceptional rebound and a springy feel.

Outsole: Coarse, slip-resistant outsole in heat-resistant nitrile rubber that withstands up to 300 °C and provides good traction on all types of surfaces.

Upper material: Full-grain, heavily impregnated Super8 leather that withstands 900°C, with toe reinforcement. Fully lined and sewn with heat-resistant Kevlar thread that withstands 425°C.

Safety standard: S3, HRO, HI, WG, SRC
